The Butty
Community food, on the canal

A concept by adamroe.

Website mockup.

The Butty, page by page, on a desktop and a phone, then the three screens the charity works from in WordPress. Built from the brand guidelines in block markup, so the approved design carries straight into the theme.

Help comes first

Get food is first in every menu and on every page, as big as Give. The parcel form says where real help is before it asks anything.

Clever, quietly

This week marks the next session from the visitor’s clock, Gift Aid does the sum as you pick, and the role finder narrows by time.

Behind the site

Three branded screens in WordPress: food requests with a packing list, volunteers from sign-up to rota, and donors with the Gift Aid schedule.

A concept

The Butty is not a real charity. Facts a real one supplies are in [brackets], Gift Aid and the real-help links are real and dated, and every page says so.

Gift Aid, plainly

25p on every pound, from HMRC

If you pay UK Income Tax or Capital Gains Tax, the charity can claim 25p from HMRC for every £1 you give. It costs you nothing.

You have to pay at least as much tax in the tax year as all the charities you give to will claim. If you stop, tell us and we stop claiming.

From GOV.UK's guide to Gift Aid, checked 7 October 2026.

About

Why The Butty?

On the canals, a butty was the boat without an engine, towed alongside a working boat and carrying the load.

Butty is also what a lot of people call a sandwich, and in some parts of the country it means a friend. The charity tries to be all three: alongside, carrying some of the load, and something to eat.

A working boat and its butty, breasted up: tied side by side to go through a lock together.

How it runs

Volunteers, surplus, and a hall

No government contract and no big funder. Neighbours, food that would have been wasted, and gifts, mostly small.

Food that would be wasted

Shops nearby give what they cannot sell in time. Volunteers collect it by cargo bike, weigh it and sort it.

Grown on the allotment

A plot by the canal, dug on Saturdays. Its vegetables go on the shelf and into the soup.

Cooked by volunteers

A lead cook and [HOW MANY] helpers each Tuesday, every one trained in food hygiene.

Who we are

The Butty, Milton Keynes, registered charity [NUMBER], ICO registration [NUMBER]. This is a concept site: the charity is not real.

Asking for a parcel

A name you choose, how many adults and children, what to leave out or put in, what you can cook with, and the day you will collect. No address, no phone number, no date of birth and no reason, ever.

What you leave out can say something about your health (an allergy) or your religion (halal), so we use it only to pack your parcel, and only with your say-so: that is your explicit consent, which you can take back any time. Requests are deleted 30 days after the collection day.

Volunteering

Your name, a phone number or email, the roles and times you pick, and anything you tell us. Used to arrange shifts, on the basis of our legitimate interest in running the rota. Kept while you volunteer and for [HOW LONG] after.

Giving

Your name, email, the amount and how often, and, if you add Gift Aid, your home address and the declaration. Card details go to [PAYMENT PROVIDER], never to us. Gift Aid records are kept for as long as HMRC requires, [HOW LONG].

Who sees it

Only the volunteers who need it: the packing team sees parcel requests, the volunteer lead sees sign-ups, the treasurer sees gifts. The website is hosted by [HOST], which processes it on our behalf. Nothing is sold, and nobody is emailed who did not ask to be.

Your rights

Ask for a copy of what we hold, ask us to correct or delete it, or complain to the Information Commissioner's Office. Ask [WHO, AND HOW].

On this concept site

The Butty is not real, and the forms here save only so the screens behind them can be seen working. Nobody is ever contacted and no money is taken. Everything is deleted 30 days after it arrives, and a parcel request 30 days after its collection day.
